

## **IE – MIT Dual Degree International Business Administration and Supply Chain Management (Logistics)**

In today's business environment, companies are looking to optimize production and reduce costs while efficiently reaching their customers, driving global supply chain management and logistics to the forefront of business strategy.

In recognition of this development and in alignment with the objective to enable professionals to quickly respond to the challenges of globalization, IE Business School, MIT Center for Transportation and Logistics (CTL) in Cambridge, Massachusetts and Zaragoza Logistics Center in Spain have partnered a Dual Degree: International MBA & Supply Chain and Logistics program in which participants will have the opportunity to earn both the International MBA degree at IE Business School and one of the following specialized titles:

- Master of Engineering in Logistics (MLOG) at the MIT Center for Transportation and Logistics (CTL) in Cambridge, Massachusetts.
- Master of Engineering in Logistics & Supply Chain Management (ZLOG) at the Zaragoza Logistics Center (ZLC) in Zaragoza, Spain.

This dual degree program is intended to prepare professionals for careers that combine general management capabilities with specialized logistics and supply chain management skills.

It is a particularly appropriate program for professionals who seek management responsibilities in manufacturing, distribution, retail, transportation, consulting, and software and/or logistics organizations with a system-wide perspective.

### **Admissions criteria**

Students will apply to both schools separately and be evaluated for admission by each based on respective requirements and criteria, including GMAT, GRE or IE admission test as applicable. For administrative identification applicants for the dual degree program will be requested to indicate their intentions on their applications to both schools so that close consultation between both institutions' admissions offices be facilitated. Please note that generally speaking tuition scholarships supporting the dual degree program are only available if application and admission to both schools has been processed prior to commencement of either.

## Deadlines

IE offers two intakes per year (April & November) and has a rolling admissions process meaning there are no deadlines. On the other hand, MIT-CTL<sup>1</sup> and ZLC<sup>2</sup> centers have one intake per year and review applications in 2 to 3 rounds, depending on the institution. Therefore, students applying for the fall intake of the MLOG/ZLOG should not apply after the previous spring season. Please note that those seeking financial support are strongly recommended to apply simultaneously to both institutions to ensure funding opportunities.

## Admission Requirements<sup>3</sup>

Institution	IE Business School	MIT Center for Transportation and Logistics	Zaragoza Logistics Center
Program	International MBA	MLOG	ZLOG
Process		<p>To apply you must submit application form or fill in the on-line application. Candidates should specify the "Engineering Systems Division" as the home department and the "Master of Engineering in Logistics" as the degree they are applying for. Additional materials must be submitted to the ZLOG Admissions office.</p>	<p>To apply you must submit your application form on-line or mail it to ZLOG Admissions Office along with the additional documents required by the institution.</p>
Requirements	<ul style="list-style-type: none"> <li>- IE Application</li> <li>- Photocopies of other diplomas or certificates</li> <li>- 2 Recommendation letters</li> <li>- Complete University transcripts</li> <li>- Valid English Certificate</li> <li>- GMAT/GRE/IE Admission test</li> <li>- Photocopy of passport or ID card</li> </ul>	<ul style="list-style-type: none"> <li>- 3 essays</li> <li>- Application fee</li> <li>- Organizational chart</li> <li>- Curriculum Vitae (1 page)</li> <li>- 1 Passport size photo</li> </ul>	<ul style="list-style-type: none"> <li>- GMAT or GRE</li> <li>- TOEFL</li> <li>- Transcripts</li> <li>- 3 Recommendation letters</li> <li>- Curriculum Vitae</li> <li>- Statement of Objectives</li> <li>- 2 Essays</li> </ul>
	<ul style="list-style-type: none"> <li>- Application fee</li> <li>- Curriculum Vitae</li> <li>- Photocopy of Passport</li> <li>- GMAT, GRE or IE admission test</li> <li>- TOEFL</li> <li>- Complete University Transcripts</li> <li>- 3 Recommendation letters</li> </ul>		

<sup>1</sup> CTL: Center for Transportation and Logistics (<http://ctl.mit.edu/>)

<sup>2</sup> ZLC: Zaragoza Logistics Center (<http://www.zlc.edu.es/>)

<sup>3</sup> Please note that some original documents will be shared between the two institutions.

## Dual degree structure

Students can start the program in the institution of their choice and complete the dual degree in the other school but the total duration of the dual degree can vary from 19 months to 2 years depending on the combination chosen. Several combinations are possible:

**Option 1:** If the student joins **IE's November intake** and then **MIT/ZLC in September**, the structure is as follows:

IE Business School - November Intake			
International MBA (9 months)			
1st Period Nov-Feb	2nd Period Feb-May	3rd Period May-Jul	4th Period Sep-Dec
Instrumental Areas Skills Convergence	Basic Area Management Tools	Advanced Areas Implementation	Customization Intensification
			MLOG/ZLOG (9 months)
			1st Period Sep-Nov
			2nd Period Dec-Feb
			3rd Period Mar-May

- Total duration: 19 months;
- Students will minimize their time away from the job market and graduate with 2 degrees within 19 months.

**Option 2:** If the student joins **IE's April intake** and **MIT/ZLC** in the following year, students can pursue an internship to fill the gap between the two degrees and it is a great opportunity to already gain professional experience in the area in which they will specialize in MIT/ZLC. The total duration of this combination is 2 years. The structure looks as follows:

IE Business School - April Intake						
International MBA (9 months)						
1st Period Apr-Jun		2nd Period Jul-Sep		3rd Period Oct-Dec		
Instrumental Areas Skills Convergence	Basic Area Management Tools	Advanced Areas Implementation				
Internship or IE Electives & Internship *				MLOG/ZLOG (9 months)		
				1st Period Sep-Nov	2nd Period Dec-Feb	3rd Period Mar-May

\*The IE electives & internship are optional.

**Option 3:** If the student joins **MIT/ZLC in September** and **IE's November intake**, the students have the opportunity to pursue an internship to fill the gap between the two degrees and directly apply what they learnt in MIT/ZLC. The total duration of this combination is 22 months. The structure would be as follows:

MLOG/ZLOG (9 months)			Internship or IE Electives & Internship *	IE Business School - November Intake			
1st Period Sep-Nov	2nd Period Dec-Feb	3rd Period Mar-May		International MBA (9 months)			
1st Period Nov-Feb	2nd Period Feb-May	3rd Period May-Jul		4th Period* Sep-Dec			
Instrumental Areas Skills Convergence	Basic Area Management Tools	Advanced Areas Implementation		Customization Intensification			

\*The 4<sup>th</sup> period in IE is optional in this case.

## **Fees and Financial aid**

The tuition fees for the programs are:

- **International MBA**

€53.200

- **ZLOG program**

€21,500

- **MLOG program**

\$46,784

Requests for financial aid will be processed separately by each institution and in accordance with the school's policy. In order to request scholarships or financial aid, candidates must have already received a definitive admission prior to the beginning of either program and indicate they are applying to the dual degree program.
